Nibras Reeza,

OCPJP/SCJP, BEng (Hons) Computing Science

Software Developer

Professional Summary

- ✔ Finalist in Motorola Innovations Championship.
- ✔ Professional Certification in Java from Oracle.
- ✔ Fresh graduate (pending) with 1st class in 17 modules.
- ✔ Coding since eight and self-studied VB6 by twelve.
- ✔ Proven ability to apply skills and develop solutions.

Accomplishments

FEB 2014	**Motorola Innovations Championship '13**	**Finalist**
OCT 2013	**digIT – Dialog Ideamart Competition**	**Finalist**
MAR 2012	**Blackberry Developer Program**	**Participant**

Noteworthy Projects

Ubiquitous Archaeological Conservation Support and Archaeotourism Promotion System

Motorola Innovations Championship

- Propose RESTful architecture for secure data transmission.
- Use frameworks (JPA, jax-rs) for lean and maintainable code.
- Implement synchronization for offline usage and lower overhead.

Detecting Presence of Firearms in CCTV Streams

Final Year Project (Thesis)

- Use plugin architecture to ensure extensibility.
- Implement video segmentation to improve object detection.
- Use concurrency to improve performance and responsiveness.
- Use MVC and OOP to improve orthogonality.

Qualifications

PENDING	**Bachelor Engineering (Honors) Computing Science**
	Staffordshire University, UK. Conducted at Asia Pacific Institute of Information Technology, Colombo, Sri Lanka.
	• Seventeen projects across twenty-four modules.
NOV 2013	**Oracle Certified Professional Java Programmer 6**
	• Obtained 93% against a passmark of 66%.

Technical Skills

Java SE	
Java EE	
OOP	
SQL	
MVC
